The Managing Director,
Heirs Technologies Limited,
Plot 1226B Bishop Oluwole Street
Victoria Island
Lagos State, Nigeria

8 January 2026
Attention: Obong Idiong

Dear Sir,

OPTIMISING UNITED BANK FOR AFRICA (UBA) FINANCIAL PERFORMANCE – TECHNOLOGY COST OPTIMISATION

This Engagement Letter, including any appendices, schedules, and/ or attachments, documents the understanding between KPMG Advisory Services (“KPMG”) and Heirs Technologies Limited (“Client” or “Heirs Tech”) concerning the Technology Cost Optimisation as part of the process for optimising UBA Bank’s Financial Performance to be provided by KPMG. KPMG will provide this service according to the provisions of this Engagement Letter and the attached standard terms and conditions, which is annexed to this Contract as Annexure A (KPMG Advisory Standard Terms and Conditions), which together describe our understanding concerning the Service (“Agreement”).

Background

In today’s competitive banking landscape, improving Return on Equity (ROE) through cost optimisation has become a strategic imperative. Banks and financial institutions are increasingly focused on reducing their Cost-to-Income (C/I) ratio to enhance profitability and operational efficiency, and UBA Bank has identified the need to streamline technology expenses, simplify operations, and align with global financial services trends.

To support this initiative, Heirs Tech has engaged KPMG to conduct a technology cost optimisation assessment for UBA Bank. By using data-driven insights and industry best practices, KPMG will identify, validate, and recommend cost-saving opportunities across the Bank’s technology landscape.

KPMG Advisory Services, a partnership registered in Nigeria and a member firm of the KPMG global organisation of independent member firms affiliated with KPMG International Limited, a private English company limited by guarantee.

Registered in Nigeria No BN 2145583

Scope and Objectives

The scope and objectives of the service to be provided are summarised below:

- **Opportunity Identification:** Identify and prioritise high-value cost-saving opportunities through rapid assessment and diagnostics to establish a strong foundation for identifying cost-saving opportunities.
- **Opportunity Validation:** Validate and refine cost-saving hypotheses through detailed analysis and stakeholder engagement to validate the feasibility and impact of the proposed cost-saving opportunities.
- **Implementation Planning:** Develop an actionable roadmap for implementing cost-saving initiatives and ensuring that the identified savings are achievable, sustainable, and aligned with the Bank's long-term objectives.
- The Parties acknowledge that KPMG may develop and apply its own methodology, roadmap, and workplan in the performance of the Services. Notwithstanding the foregoing, the Parties expressly agree that the scope of the Services shall, at a minimum and as a mandatory requirement, include the activities and deliverables set out below (the "Minimum Required Deliverables"). The Minimum Required Deliverables are not intended to be exhaustive and shall not limit, restrict, or replace KPMG's broader scope, methodology, or roadmap. Rather, they constitute an extension of, and a baseline to, the Services and shall be fully performed by KPMG as part of the Services under this Agreement. Failure to deliver any of the Minimum Required Deliverables shall constitute a failure to perform the Services in accordance with this Agreement, without prejudice to the Client's rights and remedies.

Minimum Required Deliverables

Assessment and Diagnostics

- Review UBA's historical and current IT and technology-related costs covering but not limited to:
- Software Licensing and Subscriptions: Audit of software application licenses, enterprise agreements, and SaaS subscriptions to identify underutilised assets, reclaim unused licenses, and optimise spending.
- Cloud Infrastructure & Subscriptions: Assessment of cloud service providers (IaaS, PaaS), subscription models, and resource utilisation to identify cost-saving opportunities through rightsizing, reserved instances, and elimination of waste.
- Fixed Asset Management: Review of capital assets including on-premises servers, data center infrastructure, and the total cost of ownership for endpoint devices (e.g., desktops, laptops, mobile devices).
- Communication Infrastructure: Analysis of network and telecom expenses, including MPLS circuits, broadband internet services, voice communications, and dedicated data links.

Identification of Optimisation Opportunities

- Analyse cost categories to identify redundancies, inefficiencies, and opportunities for cost takeout.
- Develop hypotheses and validate potential savings levers, including:

Roadmap Development

- Develop a detailed cost optimisation roadmap setting out:
- recommended short-, medium-, and long-term initiatives,
- estimated savings potential,
- business case for implementation, and
- recommendation of high-value levers.

Delivery Approach

Our approach elaborated below, will be seamlessly integrated into the overall technology cost optimisation journey, ensuring quality is maintained across all the below phases of the project, the scope:

A. Mobilisation

Key Activities	Deliverable
○ Conduct project initiation meeting to re-confirm project objectives, scope, approach and deliverables with UBA Bank's management and key stakeholders. ○ Collaborate in developing a high-level program plan vis-à-vis interaction with other project activities. ○ Identify key stakeholders and relevant teams ○ Establish a structured data collection approach and reporting framework to streamline the analysis process.	- High Level Programme Plan

B. Assessment and Diagnostics

Key Activities	Outputs
○ Engage stakeholders to understand the business, IT, and operational context. ○ Review IT financial data to establish baselines and identify cost trends. ○ Analyse technology cost data to uncover inefficiencies and potential savings. ○ Map and prioritise high-value cost categories (e.g., infrastructure, cloud, software, contracts). ○ Formulate initial hypotheses on cost-saving opportunities and prioritise tactical cost optimisation levers.	- Initial hypotheses on cost-saving opportunities. - Prioritised IT cost categories and key cost drivers

C. Analysis

Key Activities	Outputs
○ Conduct focused interviews with IT leadership, finance, procurement, and business units to gather insights on cost drivers and priorities. The focus areas will be: Software Licensing and Subscriptions, Cloud Infrastructure & Subscriptions, Communication Infrastructure, Fixed Asset. ○ Workshop initial hypotheses and targets with stakeholders for feedback and validation. ○ Assess the feasibility of each cost-saving opportunity by evaluating technical, operational, and financial constraints. ○ Identify potential risks and trade-offs associated with each opportunity. ○ Perform detailed cost data analysis to validate and refine the initial hypotheses. ○ Surface savings opportunities by identifying redundancies and inefficiencies in the current cost structure. ○	- Initial IT cost optimisation targets/savings opportunities

D. Validation and Roadmap

Key Activities	Outputs
○ Assess, validate and prioritise the identified cost-saving opportunities based on potential impact, feasibility, and alignment with the Bank's strategic goals. ○ Document the final list of validated and prioritised IT cost optimisation opportunities. ○ Compare the Bank's IT cost structure and performance against industry benchmarks to identify gaps and opportunities. ○ Identify quick wins and long-term opportunities for cost reduction, ensuring a balanced approach to savings. ○ Develop a detailed implementation roadmap, outlining short, medium, and long-term actions for maximising value.	- Validated and prioritised IT cost optimisation opportunities - Monitoring Framework

Timelines

The estimated duration for the engagement is 8 weeks, starting January 2026. This is subject to the agreed scope for each phase and the ability of the relevant stakeholders, user groups and teams to provide the required support within planned timeframes.

Staffing

The following key individuals shall be assigned to this engagement:

Team Member	Role	Responsibility
Ladi Asuni	Engagement Partner	Overall leadership, quality management and client relationship management
Tumi Akinade	Engagement Director	Responsible for technical delivery oversight
Chijioke Okeke	Engagement Manager	Management of day-to-day execution of the project

KPMG shall resource the project with personnel with the relevant technical expertise and experience, including but not limited to the key individuals above.

Heirs Tech will also nominate staff members to lead any additional focus cost areas under the supervision of KPMG. These individuals will be supported by other KPMG consultants and will work in collaboration with assigned UBA Bank staff to execute the project. KPMG may, from time to time, add or reassign personnel as necessary.

Professional Fees

Our professional fee for providing this service is **NGN40,000,000** over the proposed 8-week (2-month) duration of the engagement. Our fees are exclusive of VAT, stamp duty and reimbursable expenses which are incidental to the engagement (i.e. including travel, accommodation, meals, local transport, stationery and printing, logistics etc.) and will be billed separately at actual costs incurred, if not directly provided by Heirs Tech. Kindly refer to the billing milestone below.

Milestone	Amount (NGN)	Billing Description
Mobilisation Billing (60%)	24,000,000	Upon signing of the contract and completion of the assessment phase
Milestone 1 Billing (40%)	16,000,000	Completion of the Analysis, Validation and Roadmap phase

Heirs Tech Responsibilities:

It shall be the responsibility of Heirs Tech to ensure that UBA Bank performs the following tasks, provides the resources, and undertakes the responsibilities specified below in connection with KPMG's provision of the Service:

- 1) The Bank will provide the required personnel and relevant stakeholders with sufficient knowledge of the Bank's technology operations, technology solutions, technology platforms, and environment as counterpart members of the project team. These personnel will be available throughout the duration of the project.
- 2) The Bank will designate representative staff that will make all management decisions with respect to this engagement. The designated person(s) will also be readily available throughout the duration of the project to provide relevant information and approval of key decisions.
- 3) The Bank will have sole responsibility for all decisions made regarding the project.
- 4) The Bank will provide the necessary resources that will ensure that the project proceeds according to management expectations, including data and information requested by KPMG, logistics support for the project team and infrastructure to ensure the efficient running of the project.
- 5) The Bank will be fully and solely responsible for applying independent business judgment

with respect to the services and work product provided by us, to make relevant decisions, if any, and to determine further courses of action with respect to any matters addressed in any advice, recommendations, services, reports, or other deliverables to the Bank.

- 6) The Bank will take every necessary action to ensure prompt resolution of critical dependencies that may impact the proposed timeline.
- 7) The Bank will provide access to applicable financial records, technology infrastructure details, vendor contracts, and other relevant cost-related data
- 8) The Bank shall promptly take decisions on issues and recommendations that may from time to time be identified during the project.
- 9) The Bank will provide a fully resourced project workspace for KPMG personnel as deemed necessary and feasible (considering the current realities) throughout the course of the project.

In addition to the above-stated responsibilities, KPMG shall have full access to the Bank's executive management, staff and others associated with the project. KPMG shall also have full access to such data and information as it may require from the Bank in relation to the project, subject to due internal data confidentiality and privacy controls as applicable.

KPMG will not be responsible for the validation of the data supplied by the Heirs Tech or the Bank. KPMG shall be entitled to rely on all information provided by and decisions and approvals of the Bank in connection with our work. KPMG will not be held responsible if any information provided by the Heirs Tech or the Bank is not complete, accurate or current. Heirs Tech agrees to keep KPMG informed of any material developments or changes to its ideas/ vision, particularly where these may influence the project.

KPMG's performance will be dependent upon the Heirs Tech's timely and effective satisfaction of its responsibilities set out in this letter, including timely decisions and approvals. Heirs Tech agrees that KPMG shall be entitled to rely on all its decisions and approvals in connection with these services.

To the extent that KPMG deliverables include the development of initial hypotheses and the prioritisation of IT cost categories and cost drivers, as well as prioritised IT cost optimisation opportunities tailored toward the quick wins, medium to long-term initiatives with an implementation roadmap, the Bank shall be responsible for any technology cost optimisation decisions and for any future action with respect to the matters addressed in the deliverables.

Project Assumptions

The Services, fees and delivery schedule for this engagement are based upon the following assumptions, representations or information supplied by Heirs Tech and UBA Bank ("Assumptions").

- a. Circumstances encountered during the performance of these services that warrant additional time or expense could cause us to be unable to deliver them within the estimates. We will notify Heirs Tech of any such circumstances that could affect the timely completion of the engagement.
- b. Critical data/ information and resources required will be provided on a timely basis.
- c. Heirs Tech will effectively satisfy its responsibilities as specified in this letter, including timely decisions and approvals.
- d. Required personnel and resources with enough knowledge of the Bank's technology processes, technology financial management, technology operations, technology platforms, technology landscape and overall requirements will be available on a timely basis and throughout the engagement.
- e. Documentation on the existing technology environment, including IT financials (3-year CapEx/OpEx), software licensing (cloud/on-prem), application costs, communication expenses, and fixed assets reports, etc, will be available on a timely basis and throughout the engagement.

- f. KPMG shall provide weekly progress updates to Heirs Tech and shall present draft deliverables for review and comment prior to final submission. Any changes to scope, timeline, or associated cost must be documented and approved in writing by both Parties prior to implementation.

KPMG's delivery of the Services and the fees charged are dependent on

(i) Heirs Tech and UBA Bank's timely and effective completion of its Responsibilities, (ii) the accuracy and completeness of the Assumptions, and (iii) timely decisions and approvals by Heirs Tech and UBA Bank's management. Heirs Tech shall be responsible for any delays, additional costs, or other liabilities directly caused by or associated with any material deficiencies in the Bank's Responsibilities and Assumptions.

Scope Limitations

- a) KPMG is not responsible for and shall have no liability arising out of or relating to, the reliability, availability, or completeness of any third-party information which is not within the scope of the KPMG Services and Responsibilities.
- b) This engagement letter does not include any services not specifically mentioned in this letter. We are available to discuss any additional requirements as a separate service.

KPMG Policy on Gifts

KPMG recognises that accepting or demanding gifts from clients, suppliers and vendors may create self-interest, conflict of interest and familiarity threats and ultimately casts doubt over the integrity, independence, objectivity or judgment of the firm. Hence, we operate a minimal gift policy.

Hence, KPMG and its personnel, jointly and severally, do not accept gifts from vendors, suppliers, clients or any other organisation or entity, whatsoever and howsoever described, unless it is clearly insignificant, or it constitutes a marketing token (branded pen, T-shirt, diaries, stationery, calendars etc.) given in the ordinary course of business and in a level/frequency that is open and transparent.

In a similar vein, KPMG and its personnel, jointly and severally, are prohibited from soliciting, whether by themselves or through a proxy, gifts from clients, suppliers and vendors. Please report any incidence or suspected incidence of solicitation, directly or indirectly, by any KPMG personnel to KPMG via ng-fmnigeriariskmanagement@ng.kpmg.com.

"Gifts" means any gratuity, payment, item or favour that confers a personal benefit on the recipient.

Data Protection

- 1 KPMG hereby warrants, represents and undertakes in favour of Heirs Tech that:
 - a. It shall at all times strictly comply with all applicable laws, including but not limited to the Nigeria Data Protection Regulations which may be in force from time to time and the provisions and requirements of Heirs Tech data protection policies and procedures;
 - b. It shall not, at any time process data for any other purpose other than the technology cost optimisation activities related to the project.
- 2 KPMG shall take appropriate, reasonable, technical, commercial and organisational measures to prevent the loss of, damage to or unauthorised destruction of data and the unlawful access to or processing of data. The measures taken must at all times be of a minimum standard required by all applicable laws and be of a standard no less than the standards which are in compliance with best industry practice for the protection, control and use of Data.
- 3 KPMG shall take reasonable steps to identify all reasonably foreseeable internal and external risks posed to data under KPMG's possession or control and establish and maintain appropriate safeguards against any risks identified. KPMG shall regularly verify that the safeguards are

effectively implemented and keep a record of such verification. The safeguards shall be reviewed and updated regularly, and in any event no less than annually, in response to new risks or deficiencies in previously implemented safeguards. KPMG shall notify Heirs Tech within twenty-four (24) hours of identification: (i) of any material risks posed to data that it has identified; (ii) of the safeguards established by KPMG to mitigate the impact of the risks; (iii) that the safeguards have been effectively implemented; and (iv) any timeline for implementation of such safeguards if not yet completed.

- 4 KPMG shall notify Heirs Tech of any security compromises or suspected security compromises of which it becomes aware within seventy-two (72) hours of becoming aware or forming such a suspicion. Such notification shall include: (i) the nature and extent of the compromise; (ii) the categories and approximate number of data subjects affected; (iii) the likely consequences of the compromise; (iv) measures taken or proposed to address the compromise; and (v) contact details for further information. KPMG shall cooperate fully with Heirs Tech in investigating and remediating any such compromise and in meeting any notification obligations to the Nigeria Data Protection Commission or affected data subjects as required under the Nigeria Data Protection Act 2023.
- 5 KPMG shall ensure that upon termination, cancellation, expiration or other conclusion of the Project, it shall physically or electronically destroy beyond all ability to recover all information/data provided to KPMG during the project within Thirty (30) days and shall provide written certification of such destruction to the Client within five (5) business days of completion. Notwithstanding the foregoing, KPMG may retain copies of data to the extent required by applicable law or professional standards, provided that such retained data remains subject to the confidentiality obligations under this Agreement.

Confidentiality

1. Each Party shall keep confidential and shall not disclose to any third party, without the prior written consent of the other Party, any confidential or proprietary information received in connection with this engagement, including without limitation business plans, financial information, technology systems, pricing, methodologies, trade secrets, strategies, intellectual property, project documentation, deliverables and any information disclosed orally, in writing, electronically or by access to systems ("Confidential Information").
2. The Parties shall use Confidential Information solely for the purposes of performing obligations under this Agreement and not for any other purpose that may confer competitive advantage.
3. KPMG shall ensure that its partners, employees, agents, subcontractors, and advisers are bound by obligations of confidentiality no less strict than those contained herein.
4. Confidentiality obligations shall not apply to information that:
 - a. is in the public domain other than by breach of this Agreement;
 - b. is received from a third party lawfully and without restriction;
 - c. is independently developed without reference to Confidential Information; or
 - d. is required to be disclosed by law, regulation, or court order, provided that advance notice is given to the other Party where legally permissible
5. Each Party shall notify the other immediately upon becoming aware of any unauthorised disclosure or suspected breach and shall cooperate fully to mitigate such disclosure
6. The obligations in this clause shall survive termination or expiration of this Agreement for a period of five years, or indefinitely with respect to trade secrets or personally identifiable information.

INDEMNITY

KPMG shall be liable to Heirs Tech, its officers and employees, for all losses, damages, claims, actions, proceedings, reasonable costs (including legal fees) and liabilities arising that Heirs Tech may suffer directly as a result of the gross negligence or willful misconduct of KPMG in the performance of the Services, provided that Heirs Tech's total liability under this clause shall be unlimited.

Neither Party shall be liable to the other, whether in contract, delict, under statute or otherwise (including in each case negligence) for any special, indirect, or consequential loss or damage whatsoever; or any indirect loss of profits, business contracts, anticipated savings, goodwill, or revenue arising under or in relation to the Agreement or any part of it whether or not such Party was advised in advance of the possibility of such loss or damage:

Each Party shall take reasonable steps (reasonable is defined as corrective actions and plans, assigned to individuals within the respective organisations to execute and agreed upon by both parties) to mitigate its losses arising under this Agreement. These corrective actions must be monitored and reported to the other Party until the issue is resolved.

Terms of Business

This engagement letter should be read in conjunction with the KPMG Standard Terms and Conditions attached to this letter. In the event of any inconsistency between the provisions of this Engagement Letter and the Firm's (KPMG) Standard Terms and Conditions, the provisions of this Engagement Letter will prevail.

Modifications to KPMG's Standard Terms and Conditions

Clause 9 of the STCs is modified thus:

Any product of the Services released to the Client in any form or medium shall be supplied by KPMG on the basis that it is for the Client's sole use, benefit and information and that it shall not be copied, referred to or disclosed, in whole (save for the Client's own internal purposes and for use by UBA) or in part, without KPMG's prior written consent. The Services shall be delivered on the basis that the Client shall not quote KPMG's name or reproduce its logo in any form or medium without KPMG's prior written consent, provided that the Client may reference KPMG's engagement and role in regulatory filings, legal proceedings, or other contexts where disclosure is required by law or regulation. The Client may disclose, in whole, any product of the Services to the Client's legal and other professional advisers for the purpose of seeking advice in relation to the Services, provided that when doing so the Client informs such advisers, that:

- Disclosure by them (save for their own internal purposes) is not permitted without KPMG's prior written consent, and
- KPMG accepts no responsibility or liability to them in connection with their use of the product of the Services.

The Client shall hold KPMG harmless against all actions, proceedings and claims brought or threatened against KPMG by any third party or any loss, damage and expense (including reasonable legal expenses) arising from the Client's disclosure, provided that such indemnity shall not apply to the extent that such claims arise from KPMG's negligence, breach of contract, or breach of professional duty.

Provided however, that UBA shall not be entitled to bring a claim against KPMG as a result of its use of the deliverable.

We are available to discuss this letter with you at any time. Once the terms of the engagement set out in this letter have been agreed upon, they will remain effective until the letter is replaced by mutual written agreement of the parties or until termination of the engagement in accordance with the termination provisions set forth in the KPMG Standard Terms and Conditions.

Please confirm your agreement to the terms of this letter by signing and returning the enclosed copy or let us know if the terms of our engagement are not in accordance with your understanding.

We appreciate the opportunity to be of service to Heirs Tech. We are committed to providing you with quality service in an efficient and timely manner. You can be assured that the assignment will receive our close attention.

Yours faithfully,

Ladi Asuni,
Partner & Head, Tech Platforms
